FOREWORD

We express our deepest gratitude to God Almighty for His abundant grace upon us, who has given us the resources and ability to publish Jurnal JITU Volume 8, No. 2 right in November 2024. This achievement would not have been possible without the dedicated commitment of the editors and reviewers.

This issue features 10 scientific articles contributed by 10 universities in Indonesia. The editors would like to thank all authors who have chosen Jurnal JITU as a platform to disseminate their thoughts. Your contributions have enriched not only our publications, but also the wider scientific community, especially in the ever-growing field of information technology. While we celebrate our achievements, we acknowledge that the journey to becoming a leading journal is still very long. We invite and appreciate your constructive criticism and suggestions, as they give us the opportunity to further improve the quality and reach of Jurnal JITU.

Thank you for your continued support and readership. May the articles in this and future volumes become invaluable resources that contribute to the development of scientific knowledge.

Editor in Chief

EDITORIAL TEAM
